APRIL 24, 1995

IN RE: Request of Lockhart Power)	ORDER APPROVING
Company for Modifications)	MODIFICATIONS TO
to Outdoor Lighting Service)	OUTDOOR LIGHTING
Schedule OL.)	SCHEDULE

This matter comes before the Public Service Commission of South Carolina ("the Commission") on the request of Lockhart Power Company ("Lockhart" or "the Company") for modifications to its Outdoor Lighting Service Schedule OL.

By its letter dated April 17, 1995, Lockhart informs the Commission that one of Lockhart's industrial customers has recently requested Lockhart to install security lighting of a type not provided previously by Lockhart. The requested security lighting is 1000 Watt Lighting, and Lockhart informs the Commission that the requested lighting has now been completed. Lockhart requests that the Commission modify Lockhart's existing Outdoor Lighting Service Schedule OL to include this new type of lighting.

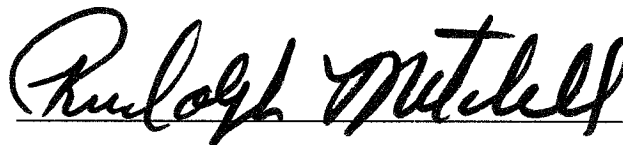

With its request for modification of its Outdoor Lighting Service Schedule OL, Lockhart provided calculations showing development of the monthly rate for each light under the 1000 Watt Lighting. Lockhart requests approval of this rate in the modified schedule. Lockhart's calculations show that the monthly rate for each 1000 Watt light is \$30.68.

Upon consideration of Lockhart's request and the applicable law, the Commission finds and concludes that the modifications to Lockhart's Outdoor Lighting Service Schedule OL should be approved. Therefore, the Commission hereby approves the modification of Lockhart's Outdoor lighting Service Schedule to include the new 1000 Watt Lighting at a rate of \$30.68 per month. The effective date of the modified Outdoor Lighting Service Schedule OL shall be the date of this Order.

This Order shall be in full force and effect until further Order of this Commission.

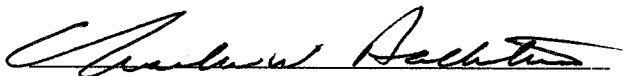

IT IS SO ORDERED.
